DETAILED ACTION

1. This action is responsive to amendment filed 01/31/05.
2. Claims 1-7, 10-20 are pending in the application.

Reasons For Allowance

3. The following is an examiner's statement of reasons for allowance:

Claim 1, the prior art does not teach a system for displaying implantable medical device session data, comprising: translating data written in a first predetermined format that is not compatible with SGV formatted data into SGV formatted data; receiving the SGV formatted data and providing a user comprehensible representation of the SGV formatted data; wherein the formatting includes a file for storing the SGV formatted data and a customer patient charting system for receiving and displaying the SGV formatted data.

Claim 13, the prior art does not anticipate, nor does it suggest a system to manage medical session data comprising a processing circuit to convert the medical session data from an XML format to an SVG format; and a device to utilize the medical session data translated into the SVG format to generate viewable data.

Claim 18, the prior art does not anticipate, nor does it suggest a method of displaying session data in an implantable medical device system comprising converting the session data from a first format to a second format, rendering the converted session data to enable multiple display and control of the converted session data, and displaying the rendered data using the multiple display and layout control to provide a user with multiple display of a single set of session data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
